Authorised Signature

Name Date ____/____/____

SUPPLEMENTARY QUESTIONS

PATIENT DECLARATION for all patients who are not ordinarily resident in the UK

Anybody in England can register with a GP practice and receive free medical care from that practice. However, if you are not 'ordinarily resident' in the UK you may have to pay for NHS treatment outside of the GP practice. Being ordinarily resident broadly means living lawfully in the UK on a properly settled basis for the time being. In most cases, nationals of countries outside the European Economic Area must also have the status of 'indefinite leave to remain' in the UK.

Some services, such as diagnostic tests of suspected infectious diseases and any treatment of those diseases are free of charge to all people, while some groups who are not ordinarily resident here are exempt from all treatment charges.

More information on ordinary residence, exemptions and paying for NHS services can be found in the Visitor and Migrant patient leaflet, available from your GP practice.

You may be asked to provide proof of entitlement in order to receive free NHS treatment outside of the GP practice, otherwise you may be charged for your treatment. Even if you have to pay for a service, you will always be provided with any immediately necessary or urgent treatment, regardless of advance payment.

The information you give on this form will be used to assist in identifying your chargeable status, and may be shared, including with NHS secondary care organisations (e.g. hospitals) and NHS Digital, for the purposes of validation, invoicing and cost recovery. You may be contacted on behalf of the NHS to confirm any details you have provided.

Please tick one of the following boxes:

- a) I understand that I may need to pay for NHS treatment outside of the GP practice
 b) I understand I have a valid exemption from paying for NHS treatment outside of the GP practice. This includes for example, an EHIC, or payment of the Immigration Health Charge ("the Surcharge"), when accompanied by a valid visa. I can provide documents to support this when requested
 c) I do not know my chargeable status

I declare that the information I give on this form is correct and complete. I understand that if it is not correct, appropriate action may be taken against me.

A parent/guardian should complete the form on behalf of a child under 16.

Signed:		Date:	DD MM YY
Print name:		Relationship to patient:	
On behalf of:			

Complete this section if you live in another EEA country, or have moved to the UK to study or retire, or if you live in the UK but work in another EEA member state. Do not complete this section if you have an EHIC issued by the UK.

NON-UK EUROPEAN HEALTH INSURANCE CARD (EHIC), PROVISIONAL REPLACEMENT CERTIFICATE (PRC) DETAILS and S1 FORMS

Do you have a non-UK EHIC or PRC?	YES: <input type="checkbox"/> NO: <input type="checkbox"/>	If yes, please enter details from your EHIC or PRC below:
 <p><i>If you are visiting from another EEA country and do not hold a current EHIC (or Provisional Replacement Certificate (PRC))/S1, you may be billed for the cost of any treatment received outside of the GP practice, including at a hospital.</i></p>	Country Code: 	
	3: Name	
	4: Given Names	
	5: Date of Birth	DD MM YYYY
	6: Personal Identification Number	
	7: Identification number of the institution	
	8: Identification number of the card	
	9: Expiry Date	DD MM YYYY
	PRC validity period (a) From:	DD MM YYYY

Please tick if you have an S1 (e.g. you are retiring to the UK or you have been posted here by your employer for work or you live in the UK but work in another EEA member state). **Please give your S1 form to the practice staff.**

How will your EHIC/PRC/S1 data be used? By using your EHIC or PRC for NHS treatment costs your EHIC or PRC data and GP appointment data will be shared with NHS secondary care (hospitals) and NHS Digital solely for the purposes of cost recovery. Your clinical data will not be shared in the cost recovery process.

Your EHIC, PRC or S1 information will be shared with The Department for Work and Pensions for the purpose of recovering your NHS costs from your home country.

THE MARSHSIDE SURGERY
Dr R R Caudwell
117 Fylde Road, Southport, PR9 9XP

New Patient Information Form

DATE:

- Please complete this confidential questionnaire (one separate form for each member of the family to be registered at the practice).
- Please complete in **BLOCK CAPITALS** and tick the boxes as appropriate.
- New patients are also asked to provide identification documentation when registering at the practice. This must be photographic and detail your address (for e.g. passport, driving license and utility bill). Your documents will be photocopied at the surgery and handed back to you when you return your completed forms.
- If you give any third party personal information such as next of kin details please gain their explicit consent to share the information with the surgery.

Full Name:					Telephone number:			
Mr/Mrs/Miss/Ms/Other.....					Work number:			
Address and Postcode					Mobile Number:			
					Next of Kin:			
					NOK Signed Consent:			
					relationship to you?			
Date of Birth:			Previous Surname: if different:		Can we contact them in an emergency? Yes/No			
Age:			Town & Country of Birth:					
					Contact number:			
Marital Status:		Gender:	Male:	Female:	Other residents of your home:			
Occupation:								
Height:			Weight:		NHS Number if known:			
<p>PATIENT ON LINE SERVICES: We encourage our patients to make use of our online services to order any repeat prescriptions that they take and to book some appointments. We also offer medical records access on-line. Enclosed with your registration pack is an application form to enrol for patient access. Please complete the form and bring it back to the surgery with two forms of current identification – one must be photographic and one that details your address.</p>								
<p>Electronic Prescription Service (EPS): The Marshside surgery is now using the electronic prescription service (EPS). EPS is an NHS service that gives you the chance to change how your GP sends your prescription to the place you choose to get your medicines or appliances from. If you collect your repeat prescription from the GP surgery you will not have to visit the practice and pick up your paper prescription. Instead it will be sent electronically to the chemist you choose, saving time. This can also be more convenient as it can be sent to a pharmacy that is nearer to where you work, live or shop. If you would like to use this service please ask at the pharmacy of your choice that offers EPS to add your nomination for you.</p>								
Are you or have you ever been in the British Armed Forces.			Yes	No	Are you a military Veteran?		Yes	No

Confidentiality & Data Protection:

Important information about your medical records

GPs are responsible for the information we hold about our patients and aside from our legal responsibilities, it is crucial that we maintain a good doctor/patient relationship of trust and confidence. It is important therefore that you know how we record information about you and the choices you have with regard to how this information is used and shared. We understand this is a lot to take in and if you wish to have anything explained further, please ask to speak to the practice manager who will be pleased to assist.

Information relating to your health care and well being

The Marshside Surgery records personal details about you and your medical history in the form of electronic computer records and some paper records for the purpose of providing you with appropriate health care. This information is held securely and only authorised and appropriately trained personnel have access to your medical records. We will never give information about you to third parties such as relatives, carers, solicitors or insurance companies without your explicit permission.

SHARING INFORMATION WITH OTHER HEALTH PROFESSIONALS WHO PROVIDE CARE FOR YOU

1. Enhanced Data Sharing

With your permission and where clinically necessary, some or all of your medical records may be made available to other healthcare professionals such as hospital consultants, district nurses, midwives or therapists when they are asked to be involved in your care. In return, as GPs, we would like to see medical records created by other health professionals.

This is known as 'Enhanced Data Sharing' and means that together all the health professionals involved with your care can provide it correctly and safely. The relevant health professional will always ask your permission before looking at your record.

2. Summary Care Record - Your Emergency Care Summary

This is a summary of your medical record containing basic but important information about any medicines you are taking, allergies you suffer from and any bad reactions to medicines you have had. Unlike Enhanced Data Sharing described above, only a summary of your records is available to ensure those caring for you in an emergency situation have enough information to treat you safely. This is known as your 'Summary Care Record'.

This means that if you have an accident or become ill anywhere in England, healthcare staff treating you will have immediate access to your Summary Care Record gaining important information about your health. If you are conscious, they will ask you before looking at your record but in an emergency, you may be too unwell to give your permission. In these circumstances, they will always inform you later and tell you why they needed to look at your record without your permission.

3. Sharing information to assist the NHS in planning health care services – care.data

By law, **NHS England via the Health & Social Care Information Centre** has the right to collect data from medical records to plan and improve services for patients. Information such as your date of birth, postcode and NHS number, but not your name will be used to link your records in a secure system, so your identity is protected. Information which does not reveal your identity can then be used by others, such as researchers and those planning health services, to make sure the NHS provides the best care possible for everyone. This is known as Care.Data and every household in England will receive a leaflet about how this information is collected and used.

Sharing information for other research purposes

The Marshside Surgery is an approved site for research. We carefully select approved research projects carried out by universities and very occasionally commercial industries which we feel are ethically sound and of clinical value to the community. We will always inform you of specific research projects which may be relevant to you and we will send you a personal invitation with enough information to help you decide whether or not you wish to participate.

Your rights & Your choice

You have the right to prevent confidential information about you from being shared or used for any purpose other than providing your care. If you do not want us to share your information with others, we will respect your request and protect your information. For more information please ask at reception for detailed information leaflets. If you wish to opt out please complete the questions on the following page.

THE MARSHSIDE SURGERY
Dr R R Caudwell
117 Fylde Road, Southport, PR9 9XP

Summary Care Record

Yes, I would like a Summary Care Record - you do not need to do anything and a Summary Care Record will be created for you.

No, I do not want a Summary Care Record - please contact Reception for an opt out form.

National Data Opt Out

If you **wish to opt-out**, you will need to record a national data opt-out that offers you a new way to prevent your confidential patient information from being used for research and planning. You can also find out more about the national data opt-out online at: www.nhs.uk/your-nhs-data-matters

Unfortunately, the national data opt-out cannot be set by your GP surgery, you can instead record your opt-out on line following the link above or by contacting: 0300 3035678

Patient Engagement

The practice is committed to improving the services we provide to our patients. To do this, it is vital that we hear from people about their experiences, views, and ideas for making services better.

We welcome suggestions and have a comments/suggestions box in the reception waiting area. We also operate a friends and family test which is a patient satisfaction survey that also runs in hospitals. You can complete a survey form in our surgery or on-line via our website. Our results are published monthly.

We also run a Patient Reference Group (PRG) which is a small group of patients who meet about four times a year. If you would like to join our PRG or would like further information please pick up a leaflet from reception.

Patient Signature:	Print Name:	Signature on behalf of patient:	Print Name:
	Signature:		Signature:
	Date		Date:
		State relationship to patient:	Relationship to patient:

When your registration is complete the receptionist will make you an appointment for your new patient check. All new patients over the age of 5 should attend a check. Your new patient check will include having your height, weight and blood pressure taken. We will also ask you to bring with you a sample of your urine for us to send away for testing.

The consultation will also establish relevant past history including medical and lifestyle factors.

Thank you for taking the time to complete this questionnaire.

Please could we also ask you to now complete the enclosed patient online registration form and new patient alcohol questionnaire this is necessary for all new patients. Failure to complete any sections of the new patient registration form may result in your registration being delayed.

For more information about the services we offer, please refer to The Marshside Surgery's patient information leaflet given to you at registration or see our website: <http://www.marshsidesurgery.nhs.uk/>

If you need help completing this form and do not have any assistance a member of the reception team will be happy to book a time when convenient for a member of the team to assist you with the completion of the form.

Patient access online via the NHS App

Patients can access their own medical record online using a secure online service.

NHS App

The new, simple and secure way to access a range of NHS services on your smartphone or tablet.

What the NHS App does

Use the NHS App to:

- check your symptoms
- find out what to do when you need help urgently
- book and manage appointments at your GP surgery
- order repeat prescriptions
- view your GP medical record securely
- register to be an organ donor
- choose how the NHS uses your data

Connecting GP surgeries to the NHS App

Patients at 95% of GP surgeries in England can now use all the features of the NHS App.

Keeping your data secure

When you register in the app, checks will be carried out to confirm your identity. The app will then securely connect to information from your GP surgery. To keep your access secure, you will be sent a security code to your phone each time you use the app.

Get help with the app

If you have any issues using or downloading the app, check the [NHS App help and support page](https://www.nhs.uk/nhs-services/online-services/nhs-app/nhs-app-help-and-support/) (https://www.nhs.uk/nhs-services/online-services/nhs-app/nhs-app-help-and-support/).
